1901-02

THE NORTH GEORGIA AGRICULTURAL COLLEGE.

DAHLONEGA, GA.

THE NORTH GEORGIA AGRICULTURAL COLLEGE.

CALENDAR 1902-1903.

1902.

Session begins—Fall term	September 10.
Thanksgiving Day	November 27.
Christmas Holidays begin	December 20.

1903.

Christmas Holidays end	January 5.
Lee's Birthday exercises	January 19.
Fall Term closes	January 31.
Spring Term begins	February 1.
Washington's Birthday exercises	February 22.
Field Day	April 1.
Memorial Day exercises, one-half day	April 26.
Commencement Sermon	First Sunday in June.
Commencement Exercises	June 8, 9, 10.

TRUSTEES OF THE NORTH GEORGIA AGRICULTURAL COLLEGE.

Wm. P. Price, President	Dahlonega.
Dr. N. F. Howard, Vice-President	Dahlonega.
W. J. Worley, Secretary	Dahlonega.
H. D. Gurley, Treasurer	Dahlonega.
R. R. Asbury	Cleveland.
F. Carter Tate	Tate.
R. H. Baker	Dahlonega.
Joseph M. Brown	Atlanta.
W. F. Crusselle	Atlanta.
Wm. A. Charters	Dahlonega.
W. E. Candler	Blairsville.
E. E. Crisson	Dahlonega.
R. C. Meaders	Dahlonega.
B. R. Meaders	Dahlonega.
G. McGuire	Dahlonega.
J. F. Moore	Dahlonega.
Henry H. Perry	Gainesville.
A. Rudolph	Gainesville.
Frank P. Rice	Atlanta.
J. E. Redwine	Gainesville.
Dr. H. C. Whelchel	Dahlonega.
O. J. Lilly	Dahlonega.
C. J. Wellborn	Blairsville.

FACULTY AND OFFICERS.

1901-1902.

WALTER B. HILL, A.M., B.L., LL.D.,
Chancellor of the University.

JOSEPH S. STEWART, A.M., PRESIDENT,
Professor of Philosophy and Pedagogy.

BENJAMIN P. GAILLARD, A.M., VICE-PRESIDENT,
Professor of Chemistry, Physics, Geology.

E. B. VICKERY, A.M.,
Professor of Latin Language and Literature.

J. W. BOYD, A.M.,
Professor of Mathematics and Astronomy.

WILBER COLVIN, M.S., LL.D.,
Professor of Greek Language and Literature and Biology.

JOSIE W. CLARKE, B.L.,
Professor of English.

BERNARD C. ANSTED, B.B.S., SECRETARY,
Professor French and Business Science.

CARL W. STEED, A.M.,
Professor of History and Economics.

COLUMBUS C. CUSICK,
Commandant of Cadets, Capt. U. S. Army, retired.

MISS MAGGIE CRISSON,
Librarian.

H. C. WHELCHEL, SURGEON.

GENERAL INFORMATION.

Origin and Purpose of the College.

This College owes its origin to the Act of Congress of July 2, 1862, entitled "An Act donating public lands to the several States and Territories which may provide colleges for the benefit of agriculture and the mechanic arts."

The College having been incorporated in 1871, received from the United States Government, in pursuance of an Act of Congress passed in that year, a donation of a building at Dahlonega, known as the United States Branch Mint, with ten acres of land connected therewith.

A contract was then made with the Trustees of the University by which the North Georgia Agricultural College became a department of the University, the title of the above property being conveyed to the Trustees of the University on the conditions specified in the donation, the Trustees of the University appointing the President of the College, making a certain allowance for its support, and exercising over it a general supervision.

Buildings and Grounds.

The College has forty acres of beautifully situated and valuable land—affording ample space for all military exercises and agricultural experiments.

The main building has twelve recitation-rooms and offices, the chapel, armory, and society halls, and is well equipped with modern furniture and apparatus. The departments of English, History, Mathematics, Ancient Languages, and Commerce are located in this building.

In 1900 Bostwick Hall, the gift of Mr. J. H. Bostwick, of New York, was completed. The upper story of this building is devoted entirely to Chemistry, Physics, and Biology. Each of these departments has a well-equipped laboratory with individual stalls for the students; and, as the program shows, every student in these departments is required to do from five to ten hours a week laboratory work. The lower floor is devoted to the President's office and lecture-room, and to the libraries and reading-rooms.

In addition to the two large brick buildings, devoted to the departments of instruction, there is a large girl's dormitory with a capacity of forty boarders, and home for the manager; a boy's dormitory of the same capacity, and eight cottages of two, three and five rooms each.

Expenses.

The expense for a year's tuition at the College for boarding students is as follows (based upon actual experience):

FIRST PLAN.

Appointment of senator, representative or county school commissioner, incidental fee per year, $2.50 a term	$ 5 00
Books (from $3.00 to $9.00) new or second hand	9 00
Washing	9 00
Student rents room furnished, and food is nicely served, but purchased or brought from home, about	50 00
Library	2 00
Total	$75 00

Over fifty students lived on the above plan this year. From four to ten engaged rooms furnished from some private family, laid in a supply of provisions and wood, and the mistress of the house kept the rooms in order, prepared and served meals. The cost for furnished room and for preparing the meals is from $2.50 to $3.00 a month. Where a number mess together the cost can be brought within $5.50 a month. This is due to the cheapness of country produce of all kinds.

SECOND PLAN.

Having appointment, as in first plan, fee $2.50 a term	$ 5 00
Books about	9 00
Washing about	9 00
Board in private families, at $10.00	90 00
Library	2 00
Total	$115 00
At $12.50 a month for board, the cost would be	136 00
At $15.00 a month for board, the cost would be	158 00

Our best people open their homes to the students and board them at the above reasonable rates.

The rooms are inspected daily by officer.

THIRD PLAN.

Having appointment, fee $2.50 a term	$ 5 00
Books about	9 00
Washing about	9 00
Board in dormitory for boys, not to exceed $8.00, with fuel and light	72 00
Library	2 00
Total	$97 00

For further information on this plan, see "Regulation for Dormitories."

Where a student has no appointment, add $5.00 to the above plans to cover expenses for year.

Those in military who have no uniform will add to the above estimates $15.00, which amount will purchase uniform good for two years.

In first plan $100.00 is ample for all expenses for the year.

In second plan $125.00 to $175.00 is a liberal estimate for the year.

In the third plan $125.00 is a safe estimate for all expenses.

Appointments.

Each *senator and representative* of the General Assembly and each *county school commissioner* is authorized and requested to appoint one student to this institution from his senatorial district or county only, as the case may be, during his term of office, who shall be received for one-half of the entrance fee, or $2.50—these appointments to hold good for the scholastic term for which they are made, but to be renewed from term to term.

Newspapers running the college advertisements are also granted an appointment, without incidental fee.

The Charles McDonald Brown Fund.

From the Charles McDonald Brown Scholarship Fund the institution gets $1,000 annually. This is to aid worthy young men who are unable to pay their way through college. The applicant must be at least eighteen years of age, in good health, and must reside in one of the following counties: Rabun, Habersham, Towns, Union, Fannin, Dawson, Murray, White, Lumpkin, Gilmer, Pickens, Cherokee and Forsyth in Georgia, and Oconee, Anderson and Pickens in South Carolina.

The faculty will consider the applications and make nominations to the Prudential Committee of the Board about the 20th of August.

Application blanks will be furnished by the President, to be filled out by those desiring appointment.

The Societies.

Three flourishing Literary Societies, the Phi Mu, Decora Palæstra, and Corona Hederæ (the latter for young ladies), have comfortable and well-finished rooms in the College building in which weekly meetings are held.

The Library.

A good working library is being gradually accumulated by donations and purchase. Several hundred excellent volumes have been added during the present year. This library contains now between 4,000 and 5,000 bound volumes, and many pamphlets.

Besides the College library each of the literary societies has a good library of general literature, and many new volumes are added each year. These libraries contain now altogether over 2,000 bound volumes.

The college reading-room, constantly accessible to all the students, has on file all the leading daily papers of the State, many weekly publications, and some twenty of the leading literary magazines.

Dormitory for Boys.

The Trustees have built a dormitory with twenty rooms for boys, dining-room, store-room and kitchen. The rooms are partly furnished with stove, chairs, table, washstand, double iron bed and spring; the two occupants of each room furnish everything else needed for the room. Students should bring from home pillows, bed-clothing, cover, napkins, towels, etc.

Each student will pay on entrance $8.00 to the manager for the first month's supplies and $8.00 on the first of each scholastic month thereafter. The manager elected by the Faculty, with his Executive Committee, will arrange the bill of fare, hire servants and be responsible for the success of the co-operative hall. Students will pay for all damage to property or furniture. Application for rooms should be made to the President.

There will be no refunding of money except for providential cause.

Table board $7.00 a month.

Dormitory for Girls.

The Trustees will have ready for the fall term a comfortable dormitory for girls. Forty young ladies will be provided for. The rooms will be furnished with all the necessary heavy furniture, but students will provide bed-clothing, towels, etc. The young ladies will be under the immediate control of the resident professor, who lives in the dormitory with his family.

Board, including fuel, lights and laundry, will be $10.00 a month on co-operative plan.

Table board, $8.00 per month.

Cottages.

In addition to the dormitories for boys and girls, the Trustees have provided eight cottages. These are rented, unfurnished, to students at the following rates per month:

Two-room cottages	$2 00
Three-room cottages	2 50
Five-room cottages	4 50
Single room	1 00

These are especially adapted to students living within fifty miles of Dahlonega. Several students from the same community may rent a cottage together, bring their furniture and provisions from home in wagons, do their own cooking and thus live as cheaply as at home.

COURSES OF STUDY.

Sub-Freshman Department.

The Sub-Freshman Department is the only preparatory school for boys connected with the University. In this department students who are not prepared for Freshman Class here or at Franklin College can obtain from one to two years' special study under our regular professors in the several branches of study. A great many young men can not secure at home the proper high-school advantages. The Sub-Freshman Department meets this want, giving the student the necessary preparation for Freshman, with the additional advantages of military drill, the literary societies, the library, and the inspiration that comes from college life. If one must leave home in order to prepare for college, the University Sub-Freshman Department at Dahlonega is the best and cheapest school for the purpose.

Applicants must be thirteen years of age and prepared for the work indicated in class below:

Sub-Freshman Class. B Section.

English Grammar, Arithmetic, Algebra, U. S. History, Geography, First Latin Book, Reading, Declamations, Penmanship.

Sub-Freshman Class. A Section.

Rhetoric, Algebra, Geometry (three books), Physical Geography (first term), Physiology (second term), Cæsar, Cicero, First Greek Book, I. Book Xenophon, Bookkeeping, Pedagogy, Office Work, U. S. History, Civil Government. Subjects are selected according to course intended in college classes.

College Courses.

The entrance requirements of Freshman Class are those of the Associated Colleges of Georgia, or an examination on the work covered by the Sub-Freshman Class of this college. For entrance into any other class, applicants will be examined upon the work of the class below. Student must be fifteen years of age and must present a testimonial of good moral character from his last instructor or from some reputable citizen of the community in which he lives.

Entrance examinations will be held on 10th, 11th and 12th of September, 1902.

The College is authorized by its charter to confer degrees. The degrees conferred are those of Bachelor of Arts, Bachelor of Science, Bachelor of Pedagogy and Bachelor of Business Science.

Degrees are conferred and the corresponding diplomas given only to students who creditably complete the entire course prescribed for said degree, with at least the minimum record allowed in every branch, and with the approval and signature of the Chancellor.

For complete catalogue or other information application may be made to JOSEPH S. STEWART, PRESIDENT,
Dahlonega, Ga.

FRESHMAN.

Rhetoric	All Courses
Algebra, Geometry (begin Bk. IV.)	All Courses
General History	All Courses
Sallust, Virgil	A.B., B.Ped.
Xenophon, Homer	A.B.
French or Latin	B.S., B.Ped.
History Education	B.Ped.
Commercial	B.B.S.

SOPHOMORE.

American Literature (1st term)	All Courses
History English Language (2d term)	A.B., B.S., B.Ped.
